

Mens sana in corpore sano: so goes a meaningful Latin proverb.

Health, physical, mental and spiritual, is our greatest wealth.

Healthcare is a noble profession. Successful healthcare providers consider their profession as something much more than just a job. It is a commitment filled with care, compassion and patience.

Christ is one of the luminaries in history who showed true compassion to the sick and the suffering. His word, attitude and approach still continue to inspire millions. Today around 28% of the health care institutions in the world are run by the Church.

The Catholic Church has 850 hospitals, 1979 dispensaries and nursing homes, 63 rehabilitation units, 87 mental health centers, 51 centers for alternative systems of cure, 4 medical colleges and 112 medical training centers in India.

The Commission for Health Care of the Catholic Bishops' Conference of India is bringing out a comprehensive HEALTH DIRECTORY which includes all the health facilities of the Catholic Church spread out in 145 Dioceses of various States in India.

The Directory will be released at the combined celebration of the 17th World Congress of CICIAMS (Comite International Catholique des Infirmieres et Assistentes Medico-Sociales) and Golden Jubilee of CNGI (Catholic Nurses Guild of India) which will be held from October 16-20, 2002 at Chowdiah Memorial Hall, Bangalore.

We welcome you to place your advertisement in this first edition of HEALTH DIRECTORY.

With best wishes,

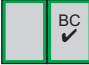

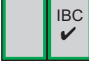

Rev. Dr. Alex Vadakumthala

*Executive Secretary
Commission for Health Care
Catholic Bishops' Conference of India*
